

# Wargaming & FORCE BLUE Team Up for Ocean Month!

We are privileged to announce that we, at Wargaming, have committed to making contribution of \$50,000 to Force Blue. This donation will play a crucial role in supporting the organization's invaluable work, training initiatives, and provision of essential equipment.

In addition to this financial contribution, Wargaming is further demonstrating their dedication to making a positive impact by pledging to donate 10% of the net revenue\* generated through the sales of our popular Popeye items (except for sales in the following US states: Alabama, Massachusetts, Mississippi and South Carolina). At the end of the campaign, these funds will be given directly to Force Blue, allowing them to continue their vital mission.

We believe that anyone can contribute to creating a brighter future for our planet. If you share our passion for preserving our natural world and wish to make a direct donation to Force Blue, we encourage you to visit their website. By sponsoring a veteran who is actively working towards protecting and healing our oceans, you can make a tangible difference.

Join Wargaming in supporting Force Blue and be a part of this remarkable endeavour to safeguard our planet's most precious resources. Together, we can make a lasting impact and inspire positive change.

\* For the purposes of this activity, net revenue shall mean the total Popeye items sales (after chargebacks and refunds), less (i) applicable fees and other deductions of payment service providers and digital distribution platforms, (ii) applicable sales, consumption and excise taxes.
